

California OES Weather Threat Briefing

Tuesday, October 1, 2019
9:00 AM PDT

Day 1: Elevated fire weather concerns in portions of Southern Region due to breezy offshore winds and dry conditions.

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

10/01/19 - 10/07/19

Tuesday-Thursday

- Elevated fire weather conditions are expected across portions of Southern Region, primarily in Santa Barbara County through Tuesday night due to gusty sundowner winds, and across portions of southwest California Wednesday due to breezy offshore conditions and low humidities.
- A few light showers are possible across far northern California on Wednesday and Thursday, but no significant impacts are currently expected.
- Temperatures warm through mid-week, but still remain several degrees below normal in many locations.

Friday-Monday

- Temperatures warm even further to end the week, with near normal temperatures expected for the weekend.
- No significant weather or water related concerns expected through early next week.
